

Timmins Mining Supply and Service Directory

This directory provides a comprehensive overview of local mining supply and service companies, highlighting the businesses that support exploration, development, and production across the mining value chain. It is intended as a practical resource for operators, investors, and partners seeking to connect with experienced suppliers and service providers.

To be included in the directory, update your company information, or for more information, please contact City of Timmins Economic Development at tedc@timmins.ca

Company	Website	Phone	Sub-sector
